JAMES SERVICE  
PIONEER OF NYE  
COUNTY IS DEAD

Had Been Honored Citizen for Period of Fifty-Five Years; Was Highly Respected.

James Service, one of the oldest of old timers of southern Nevada, and widely known throughout Nye with a residence dating from 1867, in Nye and White Pine counties, where he made his home since his advent into the state, died last night at 8:30 o'clock at the county hospital where he had been making his home as a private patient for the last four years.

"Jimmy" Service had reached the ripe old age of four score years and four, and he retained his mental faculties almost to the very last, although he had been in feeble health for a long time. He had many friends with the upbuilding of this state and especially so Nye county when Belmont was the county seat. He located in that thriving mining camp in 1867, and at once took a leading part in the political, social and business life of the community. In 1873 he was appointed deputy assessor of Nye county by James Caldwell, then sheriff and assessor, and in the fall of that year was elected county recorder. He served two terms, or during the years 1874-8, following which he retired to private life.

For many years "Jimmy" Service rode the range, and was one of the late ex-Governor Jewett Adam's cattle foremen, in later years being stationed in White Pine county. He returned to Tonopah about six years ago to make his home, and here he remained among friends of former years.

TREASURE HILL  
AT SILVERTON  
HAS DISCOVERY

Splendid Showing Reported in Winze Sunk from Bottom of Hundred Foot Shaft.

What gives promise of proving one of the richest and most important mineral finds that has been in the Silverton district in months, is reported from the Treasure Hill Nevada Mines company. The discovery was made in sinking a winze from the 100 level of the new shaft and at a depth of 30 feet there is showing in the bottom four feet of quartz that is liberally sprinkled with hornsilver and black metal.

Joe Tognoni, who is in charge of operations, arrived in Tonopah last night from a visit of several days at the seat of operations. He is highly enthused over the showing that is now taking place, and while no assays have been reported on the ore it is believed that the values will exceed better than \$100 a ton on the average.

Eight men are being employed at the present time in the development of this property, but now that the weather has cleared and the roads will soon be in condition for heavy traffic, the scope of operations will shortly be enlarged. The removal of the seven-ton portable compressor from the Gibraltar mine to Silverton will be undertaken in a few days. Supplies are now being taken to the property in question, consisting of timbers, food, oil, etc., and everything placed in readiness for a more concerted campaign of exploration.

The Bonanza invites comparison. We always publish the news 12 hours in advance of a rebash sheet.

## PERSONAL

F. O. Brüll will known engineer, is here from Reno on business matters.

JUDGE J. EMMETT WALSH was over from Goldfield this morning on a business matter.

MRS. E. J. RAMSEY will leave tomorrow morning for San Bernardino, Calif., to visit with relatives.

N. F. KERR, superintendent of the Louisiana Consolidated Mining company property at Tybo, is a business visitor to Tonopah.

FRED M. NORTH, deputy collector of internal revenue, has been called to the main offices in Reno on a short official visit.

D. B. RENEAR, inspector of state police, has gone to Carson City, in response to a message calling him there on official business.

ALFRED JOHNSON, who is interested in mining at Hornsilver, is a visitor to Tonopah. He reports much activity in the new camp.

ALLEN RIVES and GEORGE SOUTHWORTH will leave this evening for Hawthorne, where they will look over the lease on the Lucky Boy, in which they are interested.

M. M. HOLLAND, secretary-treasurer of the Brown Bee Mining company, was in from Blair station to attend the annual stockholders meeting of the corporation. All the old officers were reelected for the ensuing year.

WATER PROBLEM  
TO BE SOLVED  
BY TONOPAH EXT.

Mammoth Pumps 1540 Level McKane Shaft Will be Installed in Short Time.

A force of men is now employed by the Tonopah Extension Mining company in the laying of concrete foundations for the big pump station on the 1540 level of the McKane shaft. The pumps and other equipment, embracing two carloads, arrived in Tonopah yesterday morning and as soon as the concrete foundations have been completed, the machinery will be installed.

The big station on the 1540 level is 22 feet high and 40x60 feet, and the pump that has been provided has a capacity of 40,000 gallons. With the installation of the new equipment one of the most comprehensive campaigns of mine development ever attempted in the history of this district will be undertaken.

With the Tonopah Extension Mining company in position to combat the water problem the section where is situated the holdings of the corporation, a new era even brighter than that of the past dawned for those interested in the big corporation. Mines of great promise that have gradually been absorbed by the Tonopah Extension company, and which could not formerly be operated at a profit owing to the impossibility of handling the flow of water, will be brought under the will of man and made to surrender liberally of the precious metals that have been locked in nature's treasure vaults.

The success that has met the efforts of the Tonopah Extension Mining company during the past 16 years, can be attributed largely to the foresightedness and ingenuity of John G. Kirchen, who has served during that period as general manager of the company. Mr. Kirchen is not only theoretical, but he is practical, having had wide experience in the development of great mines in Michigan, Montana, Utah and Nevada. He is conservative in the extreme, and goes about stupendous undertakings, such as the Tonopah Extension has proved to be, in a business and mining like manner and is today enjoying, as well as are those interested with him, the fruits of diligent application to the duties that have been incumbent upon him as general manager and moving spirit in the management of the Tonopah Extension Mining company.

JURY SEEKING  
FREEDOM FOR  
J. VUKOVICH

Return Verdict of Guilty, But Say Defendant More Sinned Against Than Sinned.

After deliberating two hours, the jury in the case of John Vukovich, charged with violating the state prohibition law, returned a verdict of guilty last night at 11:45 o'clock, and recommended to the court that extreme leniency be followed in the passing of sentence.

In addition to the recommendation of leniency, the jury, through its foreman, William Sawle, addressed the court, and stated that it was the desire of the jury that the court recommend to Governor Emmett D. Hoyle, that an immediate pardon be granted to Vukovich, as the opinion prevailed unanimously that the defendant was more sinned against than sinned. This the court promised to do.

Following the rendition of the verdict Vukovich was remanded to the custody of the sheriff, and the judgment of the court will be imposed Friday afternoon at 2 o'clock.

Gordon Hussey Home Is  
Blessed With Big Boy

The home of Mr. and Mrs. Gordon Hussey, formerly of Tonopah, but now of Bakersfield, was blessed last night with the arrival of a nine-pound boy, according to word received today by the grandparents, Mr. and Mrs. R. H. Hussey. This makes a boy and a girl that have blessed the Hussey home, the little miss being the first born. The father, Gordon Hussey, is engaged in the oil business at Bakersfield.

## AMUSEMENTS

## LON CHANEY AT THE BUTLER TODAY

A powerful story with an unusual twist will be seen at the Butler today, in Gouverneur Morris' play, "The Ace of Hearts." As the title suggests, the most romantic card in the deck plays a large part in the destinies of all the people concerned in the story. It is the means of choosing the man who is to rid the world of its most evil character; it is the symbol of a sudden love that sprang into being at the moment of danger, and when the purger of humanity has failed in his mission of murder, the ace of hearts points to the man who is to carry out the sentence of the fanatical group upon the man who has failed. Amid these hatreds that lead only to thoughts of revenge and death, two men and a woman become involved in a seemingly inextricable emotional triangle. It is solved through the self-sacrifice of one of the men, and at the same time an atmosphere of hate is then turned into one of love. Lon Chaney, of "The Miracle Man" and "The Penalty" fame, plays the leading role.

Added to the program will be a two-reel Mack Sennet comedy, "By Heck."

Tomorrow, Lionel Barrymore, in "The Great Adventure."

Coming, Rudolph Valentino.

## NOTICE TO CREDITORS.
